

PRODUCTS

Foldable Container

A flexible, collapsible and 100% recyclable packaging system for the transport of all kinds of solid, pasty and liquid bulks.

Foldable Container

Designed for 60 – 220 L capacity

Product Benefits

- Cost and space-saving at every stage of the logistic chain
- 25-50 pcs. / pallet depending on the design
- Environmentally friendly
- Reusable, by replacing the inner liner
- Low initial purchase cost and low total cycle costs
- Flexible in design, can be customized to your particular requirements
- Easy handling
- Option with conductive properties

Product Qualities

- Made out of Polypropylene
- Available from 60L to 220L
- Can be customized for your specifications

Product Applications

- Fine powders
- Liquids (with various liner and valve options)
- Pasty substances (with various liner and valve options)

Self-standing

No extra equipment needed for filling

Foldable

Easy to keep it in stock, up to 40 pcs. per pallet

Reusable

Easy replacement of the inner liner

Foldable Container

Designed to fit almost any pallet format for 500 – 1000 L capacity

Product Benefits

- Cost-effective due to space-saving construction: up to 25 pcs. / pallet depending on the design
- Option with conductive properties
- Easy handling
- Offers various applications: solids, liquids, pasty substances, fine powders
- Different liner types available: EVOH, aluminum, conductive

Examples of customized options

With spout

Type C (conductive)

With emptying valve

With aluminum liner

Folded compactly

Upright position

Stretched to open

Foldable Container

Designed to fit almost any pallet format for 500 – 1000 L capacity

Product Benefits

- Available with a variety of inner liners and filling and emptying valves
- Option of octabins with conductive properties
- Available for different pallet dimensions
CP1 – CP2 – CP3
- Space-effective design: possibility of stacking
- Available for 500L - 1000L capacity

Transportation

Flexible packaging solution that can be transported easily and economically
